SUMMARY

Computer Science student with strong skills in full-stack web development, specializing in React, TypeScript, Node.js, Express, and modern database technologies. Experienced in building scalable web applications, REST APIs, AI-powered solutions, and deploying production-ready projects. Passionate about problem-solving and software engineering, with a strong foundation in data structures and algorithms demonstrated through consistent LeetCode practice. Seeking opportunities to apply technical expertise and continue growing as a software developer.

SKILLS

Language C/C++ STL, SQL, JavaScript, Python, HTML, CSS

Framework & Libraries ReactJS, Node.js, Tailwind CSS, Redux Toolkit

Tools & platform Git, GitHub, Vscode, vercel

Interests DSA, problem solving, Learning new skill

Languages Hindi, odia, English

PROJECTS

Resume Builder [Link](#)

Oct '25 — Nov '25
odisha, India

- Built a full-stack Resume Builder application with user authentication, resume management, and real-time preview features

Glocery-delivery [Link](#)

Apr '26 — Present
odisha, India

- Built a full-stack grocery delivery application with product browsing, cart management, and order placement features.
- Deployed the application on cloud platforms and managed development workflows using Git and GitHub.
- **Tech Stack:**React.js, TypeScript, Node.js, Express.js, PostgreSQL/MongoDB, Prisma ORM, Tailwind CSS, Git, Vercel.

AWARDS

Introduction to Artificial Intelligence

Infosys springboard

Mar '26

Introduction to Data Science

Infosys springboard
